

# Brookline Fire Department

## Board of Fire Engineers

Po Box 660

Brookline, New Hampshire 03033

### Minutes

#### Board of Fire Engineers

Monday, May 9, 2016

Board of Fire Engineers members Dave Santuccio, Dave Flannery, Dave Joki and Chief Corey were present.

March minutes were read and accepted. There was no April meeting due to CPR training.

Bills were signed.

It was noted that that the board needs to comply with 91-A document. While we have kept minutes for years, in order to be in compliance we need to post meeting agendas and minutes.

We discussed requesting WEX cards for each truck, and the Board approved.

We have no prices on the ramp yet.

We discussed radio maintenance. One to two-year warranty on new equipment, then we will need the maintenance contracted.

We tried a new pager and no one liked it. We will try another pager manufacturer.

We need to check on the price for cleaning out the evaporator and tank once a year. Washing of gear will happen more frequently, due to cancer awareness.

We are waiting on new member's background check to come in.

JP passed his CPAT written exam.

There is a broken 4" hose on 5E3 and we need a new hose on UTV.

Meeting adjourned at 8:30 p.m.

Respectfully submitted,  
Charles E. Corey, Sr.
