Memo

To: Health Officer

From: Michele Decoteau, Town Planner

Date: February 15, 2023

Case: SP #2023 – F-004-3

Meeting Date: March 16, 2023

Please review this application and respond to the Planning Board with comments.

This is an application by Ian and Elizabeth Sarbacker for a site plan on F-004-3 (1.44 acres). They are proposing to move their business, Flawless Floors, to Brookline and to add a 2,200 square foot building, driveway and parking for 11 vehicles. This lot is in the Commercial/Industrial District.

The Planning Board will review this case on March 15, 2023, at 7:00 PM at the Brookline Town Hall during a regular meeting of the Board. If you have any questions, please contact the Planning Department at MDecoteau@BrooklineNH.us or (603) 672-3355 x 215.

Comments:

The leaching system uses the Enviro-Septic product that has a patent pending. Does the Planning Board/Department have any prior experience with approval of this particular leaching system such that feedback could be provided on its effectiveness and/or any known issues?

Design plan is otherwise well prepared and no known issues appear to be present that would be of concern from a public health perspective.

No comments: ☐
