Town Planner Job Description

Steve said he had some concerns about the Town Planner job description and that its current content may keep some good candidates from applying for it. He noted the town website responsibilities as a potential limiting issue if they do not have the skills. **Drew** said there are some new modules that are likely to be available on the website soon that will make the Town Planner's job easier and more efficient. **Tad** suggested removing the website reference from the position title. **Steve** agreed that would be a helpful change.
