Brookline, New Hampshire 03033**

Minutes
Board of Fire Engineers
Tuesday, September 11, 2018

- The meeting was called to order at 7:00 pm.
- Board of Fire Engineers members Dave Santuccio and Dave Joki, as well as Chief Corey, were present. Dave Flannery was working.
- August minutes were read and accepted.
- We discussed 2018 budget and is where it should be. We need to buy a new air compressor for upstairs, the one we have is 50 years old. We will be waiting to purchase rescue tools until the end of the year. 2019 budget is flat, there is a 3% pay raise which puts it up a little.
- Pagers should be in by September 15. The Hollis tower is done. Once we have the new pagers, the other two towers can be completed. The project should be done by end of September.
- They had a meeting on addition for antiques.
- We discussed personnel.
- Active Shooter training with State of NH is this Saturday, 9/15, at RMMS.
- Bingham Lumber is getting back to us with a date for installing the cistern.
- We had to meet with Glenn Davis from Lakes Region Fire Apparatus on Monday night. We had a good discussion with him. He will be getting back to us in a week.
- J P Royea will come to the November meeting to do his review.
- Signed the bills.
- Meeting adjourned at 8:30 pm and next meeting is October 11, at 7:00 pm.

Respectfully submitted,

Charles E. Corey Sr.
