PETITION ARTICLE - TO PROTECT OUR WATER

Shall the Town of Brookline vote to oppose approval by the NH Energy Facility Site Evaluation Committee of the construction and installation of a natural gas pipeline by Tennessee Gas Pipeline Company, LLC (a Kinder Morgan Company) as part of the Northeast Energy Direct Project because the proposal is inconsistent with the Town's goal of protecting and preserving its aquifers, drinking water including community and private wells, wetlands, streams, and other bodies of water. In addition, the proposal to extract water to use in drilling or other operations, whether from a body of water or well, is inconsistent with the Town's goal to protect such waters. (By Petition)
